Explanation to support the item 4, the STATEMENT, referring form PTO/SB/64/PCT

Subject: Petition to revive, unintentionally abandoned application, bearing international application No. **PCT / IN02 / 00143**, with international filing date, July 02, 2002, for entry into the national stage.

Description:

The international application No. PCT/IN02/00143 is bearing international filing date as July 02, 2002, was booked by "speed post" from India on Dec. 29, 2004 at 13:21:48 hours, at Cyberabad post office, (PIN 500081) at Hyderabad city of India. At the Indian postal services, it was told that the mail may take 4 to five days to reach its destination at USA, accordingly the parcel bearing the number **EE623206446IN**, containing the international application, was dispatched from India on Dec. 30, 2004 at 7:58 pm. The parcel was expected to reach "Mail Stop PCT, PO Box 1450" on latest by Jan. 3, 2005, as Jan. 2, 2005 being Sunday. But unfortunately the parcel reached the destination on Jan 6, 2005 at 9:39 am, as it was held up from 10:35 pm on Jan. 2, 2005 to 2:51 am on Jan. 5, 2005, with customs within USA. Assuming that the parcel would reach the destination within 30 months from the international filing date July 2, 2002, the fee for "Search fee, examination fee or oath or declaration after thirty months from priority date" fee code 1617/2617 was not included with the application. Please find the detailed where about of the parcel in the contents of the e-mail sent by the USPS dated Jan 6, 2005.

Another reason for the delay can be contributed to the unavailability of a patent attorney practicing with USPTO. The database of the attorneys available with the USPTO web site does not provide with the e-mail ID of the respective attorney, thus communication with attorneys became difficult. I was interested to file the application through an attorney but failed to do so, and searching an attorney took a lot of time and that caused the delay in booking the parcel.
